General information

RALLY SELF-DRIVE EXPERIENCE

- Starts of with an introduction session lasting about 25 minutes. We tell you all about the rules, a bit about drive-lines, rally car behaviour and then the most interesting - how to use the Route Notes for when you will tackle your first Special Stage just like a seasoned rally driver!
- After this one of our specialist drivers will take you around the track to show you something about racing lines and point out the dangers while you try and memorize the lot!
- Then you get your turn to get behind the steering wheel of a rally car. This is your chance to do four orientation laps over the route you will be doing to get the 'feeling' of the car, its power and behaviour on gravel.
- Then follows what you have been waiting for - the chance to open up the Subaru Turbo-power under the bonnet and get the sensation of a real adrenaline rush during the amazing performance of a rally car driven in anger!
- Then comes your big test - you will have to drive through a Rally Special Stage!
- Your professional navigator will call the instructions at machine gun speed and you will have to interpret them as your drive through a special stage you have never seen before!

This is where you need to keep your cool! Instructions come flying, you will have to listen to one call, interpreted and apply it, while you have to listen to the next one, remember the previous onetake in another ..awesome!

This is real fun, but afterwards you will have new respect for the ability of rally drivers to do all these things at high speed!

- Then, just to make sure that we managed to release all the adrenaline possible in you, one of our master drivers will take you for a special bonus hot lap over the specialist rally track to cool you down!

Price includes a light meal and RallyStar Certificate.

Self-drive sessions last about 2 to 3 hours depending on size of the group.

Remember this is a weather related activity!

HOTSEAT SPIN

The Hotseat experience consist of a reconnaissance lap driven at medium speed to show you the route you are going to be taken and prepare you somewhat for the experience.

Then, just as you think it can not be so bad, all hell breaks loose when the professional driver opens up the powerful Subaru to take you around our specialist rally track at rally speed.

Summary of the Package:

A warm-up settle in lap and then the Big One!

Remember our special group prices!

HOTSEAT SPIN: SUPER SPECIAL STAGE

This is a double whammy — where we add some excitement not many people will ever experience. We take your group around our Super Special stage in two competing rally cars at the same time!

You experience what happens on a WRC event during a Super Special Stage!

The two cars start next to each other and you will experience that magic Subaru pull away while the drivers vie for position.

After the first huge jump the cars split away from each other - that one doing the short - and the other continuing on the "long" circuit. Then comes the nerve wrecking switch over of lanes and the drivers change track! All this while you patch up your ability to pray while you still enjoy what must be one of the greatest sensations you will ever enjoy!

If all goes well, the two cars should cross the finish line together!

For this special treat - only groups of 8 and more will be accommodated. Includes a light lunch. This is truly mind-boggling and very popular at Corporate days, team building etc.

GENERAL RALLYSTAR INFORMATION

SPECTATORS: (RENT A CROWD!)

Spectators are welcome and it is recommended to bring a camera to capture the excitement.

VITAL INFORMATION:

Maximum weight is 115kg.

Minimum age is 18 without parents written permission; participants under the age of 18 need an indemnity form to be signed by a parent or guardian in our presence.

Minimum age for Hot-seat experience - with prior written permission and special instructions of parents or proven guardian - 12.

Various modified rally cars are used for spins including Subaru STi s.

WEATHER AND AVAILABILITY:

Extreme, wet or similar weather conditions may cause postponements and it is advisable to phone us on the morning of the session to make sure that the event is on.

We will endeavour to contact you and let you know at least 12 hours before the event - if it is (may be) postponed - this however is not guaranteed as we do sometimes battle to get hold of clients who booked through other agencies and it is also a fact that heavy rain may fall shortly before a session starts. Please check with us should you have any doubt if the session will continue on the day.

This service is dependant on the rally vehicles. These vehicles can break at any time and although we take special care to have cars running at all times, the non-availability of and/or un-obtainable spares are major factors. We do carry some spares but cannot guarantee speedy repairs.

Please remember - Instructors can become ill, cars can break, a circuit can wash away!

Please ensure that you do have an hour or so longer to spend at the track if need be. Any session can be stopped short due to mechanical or other failures and the remainder of such runs will be re-scheduled to future dates. Clients agree that although we will do our best to accommodate them on suitable dates, this will not always be possible.

The facility is open throughout the year every day of the week.
Bookings required in advance.

REFUNDS, POSTPONEMENTS AND LATE ARRIVALS:

No refunds will be made. Postponements of event by customers will only be rescheduled if made at least seven days before the event. If shorter notice is given, rescheduling will carry a penalty of 40% of original fee.

If proper notice is given (more than 7 days before the event) a rebooking fee of 25% of original fee paid may be charged for rebooking.

Sessions will start 15 minutes after schedule if a customer is late and will be cancelled 45 minutes after the due start time.

If a session is stopped due to the unacceptable behaviour of a customer, no refund or rescheduling will be done.

DRESS CODE:

Wear comfortable light clothes and thin flat-soled shoes. Preferably wear a shirt with a collar. Helmet and hygienic cap is supplied by the academy.

INDEMNITY:

All participants of any competitions/events at the RallyStar Motorsport Academy's track must read and sign the provided indemnity forms before taking part in any competition/event.
