GENERAL INFORMATION

SPECTATORS: (RENT A CROWD!)

Spectators are welcome and it is recommended to bring a camera to capture the excitement. Please note that all activities take place outside and is advised not to bring small children and older or ill people with as conditions can be very dusty, warm or cold depending on the season.

VITAL INFORMATION

Maximum weight is 120kg.

Minimum age is 18 without parents written permission; participants under the age of 18 need an indemnity form to be signed by a parent or guardian in our presence.

Minimum age 12 for Hot-seat experience - with prior written permission and special instructions of parents or proven guardian.

Various modified rally cars are used for adrenaline rally drives including Subaru STi's, Subaru WRX, Subaru GT, Nissan Sentra, Golf GTi, Citi Golf and others. All our rally cars are powerful and reach more or less the same speed. (All vehicles are dependant on availability and it is not guaranteed in which car your rally drive will be done.)

AVAILABILITY: WEATHER, RALLY CARS AND OTHER

Extreme wet or similar weather conditions may cause postponements and it is advisable to phone us on the morning of the session to make sure that the event is on.

We will endeavour to contact you and let you know at least 12 hours before the event - if it is (may be) postponed - this however is not guaranteed as we do sometimes battle to get hold of clients who booked through other agencies and it is also a fact that heavy rain may fall shortly before a session starts. Please check with us should you have any doubt if the session will continue on the day.

We send out a notification SMS on the morning of a booking to all participants/clients to confirm whether their booking will take place or needs to be rescheduled. Please ensure that we have your mobile number for this service. If a clients booking is rescheduled the Rallystar office will contact the client on the first working day after their booking with new available dates.

GENERAL INFORMATION

AVAILABILITY: WEATHER, RALLY CARS AND OTHER

...continued/

This service is dependant on the rally vehicles. These vehicles can break at any time and although we take special care to have cars running at all times, the non-availability of and/or un-obtainable spares are major factors. We do carry some spares but cannot guarantee speedy repairs.

Please remember - Instructors can become ill, cars can break, a circuit can wash away!

Please ensure that you do have an hour or so longer to spend at the track if need be. Any session can be stopped short due to mechanical or other failures and the remainder of such runs will be re-scheduled to future dates. Clients agree that although we will do our best to accommodate them on suitable dates, this will not always be possible.

The facility is open from Tuesdays – Sundays throughout the year.

Rally Self Drive sessions start at 10h00 in the morning and Rally Hotseat Spin experiences start from 13h00 in the afternoon. These sessions might start at other timeslots, in such case clients will be informed. **Bookings are required in advance.**

REFUNDS, POSTPONEMENTS AND LATE ARRIVALS

No refunds will be made.

Postponements of event by customers will only be rescheduled if made at least seven days before the event. If shorter notice is given, rescheduling will carry a penalty of 40% of original fee.

If proper notice is given (more than 7 days before the event) a rebooking fee of 25% of original fee paid may be charged for rebooking.

Sessions will start 15 minutes after scheduled time if a customer is late. If a customer is more than 45 minutes late the booking will be cancelled.

If a session is stopped due to the unacceptable behavior of a customer, no refund or rescheduling will be done.
